

NERUPI and your APP Submission

OfS Guidance for higher education providers preparing their Wave 2 Access and Participation Plan submissions has a strong focus on evaluation requiring:

- an overall evaluation strategy for APP work
- intervention strategies linking targets, activities and evaluation
- plans for sharing evaluation evidence

Using structured group work discussions we will then consider key questions in developing both an overall Evaluation Strategy and an Intervention Strategy with an opportunity to develop your own action plans throughout the day.

09.30	Coffee & Registration
10.00	OfS Requirements and Reflections on Wave 1 Heather Bowyer, Senior Officer OfS Presentation
10.45	Break
