

Working with the **NERUPI Framework & EORR**

Theory of Change

4 October 2023

Jo Astley Evaluation and Evidence Manager
University of Derby

Why Theory of Change?

- Access and Participation Plan (APP) guidance (Reg 1 and Reg 6) February 2019
- Evidence, research, theory-based practice
- Intervention strategy - template consultation October 2022
- Access and Participation Plan guidance (Reg 1 and Reg 6) May 2023

APP Guidance 2023 Intervention Strategy Template

Activity	Inputs	Outcomes	Cross intervention?
<p>Provide a high-level description of each activity that will contribute towards reaching the objective of the intervention strategy, including:</p> <ul style="list-style-type: none"> - Target student groups - Numbers of participants/schools (if applicable) - If this is a new or already existing activity - If this is collaborative 	<p>Provide an estimation of the resources (human and financial) that will be needed to deliver the activity over the 4 years of the APP. Where resources are shared across departments or intervention strategies, an estimate of the proportion that will go into this activity should be made.</p>	<p>Provide a high-level overview of the expected outcomes of the activity. These outcomes can be used to track progress and understand the impact of each activity on the overall intervention strategy objective.</p>	<p>Indicate if the activity will contribute other intervention strategies</p>
<p>Multiple activities are likely to be necessary per intervention strategy. Each activity should be detailed on a separate line</p>			

APP Guidance 2023 Evaluation Template

Activity	Outcomes	Method(s) of evaluation Include type of evidence you intend to generate e.g. Type 2.	Summary of publication plan When evaluation findings will be shared and the format that they will take

Conclusions

- **A model that you can/should keep coming back to**
- **Facilitation tool as well as a template**
- **NERUPI framework**
- **More than just Intervention Strategies**
