

Section 1: The UK

- We are trying to understand where in the UK young people would prefer to live for university.
- Think about the UK as a whole. Use the coloured pencils provided (shade areas, circle places, make annotations) and follow the key below.
- Following this:
  - Mark with an asterisk (\*) where in the UK different members of your family live (they could be close or distant relatives).
  - Mark with a circle (O) where you have visited in the UK (e.g. on holiday, for events, to visit people).

-  = Places where you would prefer to live for university
-  = Places where you definitely do not see yourself living for university
-  = Places where you would not mind or are indifferent about living for university
-  = Places you do not know or haven't really thought about
