

NERUPI Evaluation Toolkit Events 2024-25

15th October 2024 @ 13.00 – 15.00

NEW TO EVALUATION OF WP

Doing research & theorising WP

This session will review approaches to research and evaluation, and its role in tackling inequality and improving practice including an introduction to NERUPI website resources, what's out there and how to find it

5th December 2024 @ 13.00 – 15.00 -

EVALUATORS & PROGRAMME MANAGERS

Developing evaluation culture and working with praxis teams

This session will focus on embedding an evaluation culture into ongoing projects and programme governance arrangements and the role of praxis teams in encouraging critical reflection and an action research approach.

6th February 2025 @ 13.00 – 15.00

NEW TO EVALUATION OF WP

The NERUPI framework and evaluation

This will explore how the NERUPI framework, underpinning theory, and resources, support outcome and process evaluation. There will be a particular focus on the role of participant data in informing evaluation of whether activities are achieving the learning objectives within a NERUPI framework approach.

1st April 2025 @ 13.00 – 15.00

EVALUATORS & PROGRAMME MANAGERS

Using evaluation to amplify the student voice

This session will focus on different methods of evaluation which emphasise the potential for student empowerment such as creative methods providing opportunities to showcase approaches and discuss the implications for evaluation and practice.

10th June 2025 @ 13.00 – 15.00 -

EVALUATORS & PROGRAMME MANAGERS

Impact evaluation and causation, current state of play

This session will consider how evaluation of the impact of intervention strategies is being taken forward within the context of Access and Participation Plans including approaches to outcome and impact evaluation, and the methods being used in different contexts,

June 2025 @ 13.00 – 15.00

NEW TO EVALUATION OF WP

Evaluating raising attainment

This session, will consider evaluation approaches to raising attainment initiatives. It will focus on practitioner-led approaches to measuring raising attainment initiatives and lessons learnt
