

# The Evolution of Evaluation

By Natalie Kendrick-Doyle

# Where it all started

- The original brief
- The opportunities for learners
- COVID impacts to learning

# What did we hope to achieve: Know and Choose

- Create a relevant product from learner input
- Expectations from the evaluation
- Achieve NERUPI aims
- Offering information, advice and guidance (IAG)

# The evolution: Practice and Understand

- How the project grew and developed
- Growth of outcomes and changes to framework outcomes
- The need for the learner voice to be heard in full

# Become: A full cycle

- Becoming all round confident and resilient learners
- The full extent of the framework
- Shane's story

Any questions?
