

	Outcome	Indicator	Evaluation method	Evaluation strand
	Short term			
1	Learners are aware of a range of revision techniques.	Learners demonstrate increased understanding of different revision methods.	Student evaluation form Facilitator observation form	Empirical evaluation
2	Learners are aware of strategies to combat exam stress.	Learners demonstrate understanding of strategies to combat exam stress	Student evaluation form Facilitator observation form	Empirical evaluation
3	Learners have subject related GCSE knowledge.	Learners show improved subject knowledge.	Student evaluation form Facilitator observation form Staff evaluation form	Empirical evaluation
4	Learners are aware of how to look after their physical and mental wellbeing.	Learners show knowledge of how they can look after their mental/physical wellbeing.	Facilitator observation form Staff evaluation form	Empirical evaluation
5	Learners are motivated to continue with their studies.	Learners report motivation to continue with revision/studies.	Student evaluation form	Empirical evaluation
	Medium term			
6	Increased attainment at GCSE level.	Learners have increased attainment at GCSE	GCSE attainment data from schools	Empirical evaluation
7	Learners can apply strategies for combatting exam stress.	Learners can apply strategies for combatting exam stress in exam period.	Feedback from school staff	
8	Learners have clear intentions to apply for Post-16 education.	Learners report clear intentions to apply for Post-16 education.	Student evaluation form Staff evaluation form	Empirical evaluation
9	Increased attendance at school.	Learners attendance at school improves.	Feedback from school staff	Empirical evaluation
10	Increased and sustained aspirations towards higher level study.	Learners report clear intentions for aspiring towards higher education.	Feedback from school staff Student evaluation form	Empirical evaluation
	Long term			
11	Increased applications/progression from learners to higher education	Increased number of applications to HE level study	EMWPREP, internal UoD and HESA data	Empirical evaluation

ATTAINMENT

12	Increased social and cultural capital from participation in HE	Increased number participating in HE which increases social and cultural capital	EMWPREP and HESA data	Empirical evaluation
13	Increased employment prospects and earning potential from participation in HE	Increased number participating in HE which increases employment prospects and earning potential	EMWPREP and HESA data	Empirical evaluation
