Why NERUPI? -Then

And now – ‘variations’, rewrites and practice

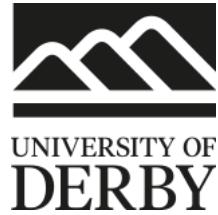

- Evaluation remains his ‘highest priority’ (2022)
- The development of an ‘eco-system of evidence-based practice’ (2022)
- Expectation that ‘review and enquiry’ against APP activity is approached ‘like any academic endeavour and area of study’ (2022)

And now – ‘variations’, rewrites and practice

- Focus on schools and on attainment
- ‘Marking our own homework’ (2022)

- TASO
- NERUPI - ‘Intermediate’ middle ground – evidencing the steps to achieving increased attainment

Next steps for Derby

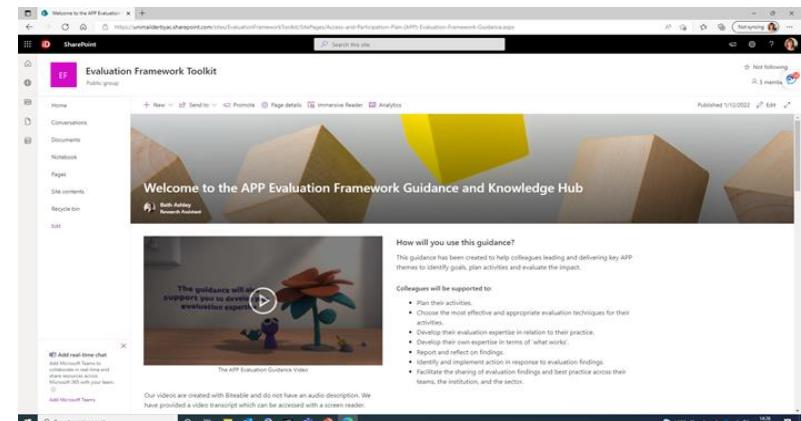

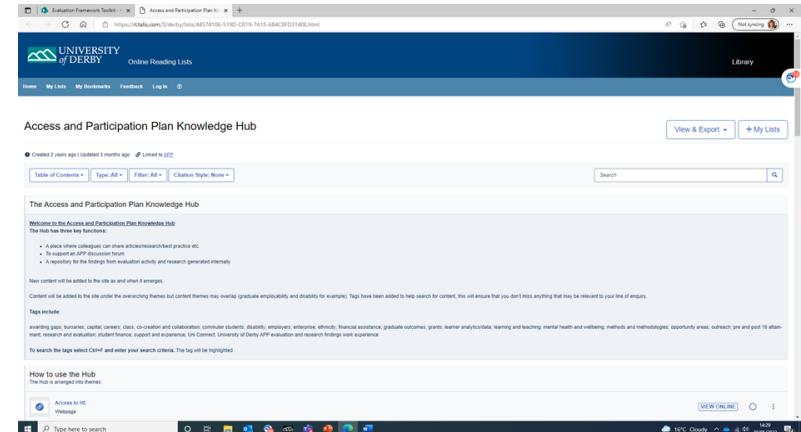

**Await the new APP guidance and work on
our variations submission**

But in the mean time.....

Next steps for Derby

- Focus on intermediate outcomes that lead to attainment
- continue to build our evidence bank to inform SMs and our delivery
- Increase colleagues engagement with our APP evaluation/guidance/Knowledge Hub and NERUPI
- Make the most of everything that NERUPI has to offer
