

## NERUPI Expert Session for Evaluators

The renewed emphasis on evaluation from the Office for Students (OfS) and others requiring evidence of impact increases the need for well planned, appropriate and effective evaluation. At this free, in-person event NERUPI evaluators will have the opportunity to explore some of the current issues including:

- Applying the NERUPI Framework to a risk based approach, specifically the OfS Equality of Opportunity Risk Register (EORR)
- Developing Organisational Indicators
- Planning a realistic evaluation strategy
- Involving the wider team in evaluation
- Building effective Theories of Change.

This interactive session is designed for those whose main responsibility is evaluation and who have some expertise in the area.

### Programme

- ◇ **09.30**      **Coffee, Registration and Networking**
- ◇ **10:15**      **Welcome and Introduction**  
**Annette Hayton, NERUPI Convenor**
